REQUEST FOR PROPOSALS (RFP)

WATER REUSE OPPORTUNITIES ASSESSMENT

RESPONSE TO QUESTIONS

MAY 5, 2023

Please review and consider the following information in the preparation of your proposal.

Question: Will the scope of work include engagement with potential stakeholders, particularly under Task C?

Response: Scope items B.3 (potential users) and B.5 (regulatory environment) could involve engagement with “stakeholders.” Citizen/resident engagement is not a part of the scope of this assessment.

Question: What is the desired level of accuracy for the cost estimating described in Tasks C and D. For example, is AACE Class 5 (concept screening) adequate?

Response: The desired level of accuracy is AACE Class 4.

Question: 3. Consultant Services Agreement: Please clarify that the 10% retention should be withheld on each invoice.

Response: The 10% retention clause will not be utilized on this consultant contract.
